To: The Clerk of Course/Stewards of the Meeting*

Slippery/damp conditions caused accident to occur at the beginning of the race, at the end of lap 1 on cold tyres, car 22 made a mistake mid-corner which forced him wider and slower than my approaching speed, he then made an effort to rejoin onto the racing line, as I went for power car 22 did not leave enough room to avoid contact with my closing speed on the racing line, to this point I feel that the penalty is harshly severe. The severity of this penalty does not seem consistent with previous contacts and racing incidents
