

With the agreement of the Stewards of the Meeting the GB4 race scheduled for 11:06 this morning was unable to take place due to the adverse weather conditions and exceptionally poor visibility on track,

The remaining race today (scheduled 17:31) will be Race Two, using the previously published grid, over 18 minutes duration. The Organisers will endeavour to reschedule Race Three to a later event in the 2024 Championship.

Further details will follow in due course.
