Following investigations, I find that you are guilty of contravening the following Motorsport UK Regulation(s):

C2.3 Gaining an unfair advantage (whether inadvertently or not)

Brief Details:

On entry to turn 12, cars 10 and 11 battling for position made side to side contact as 11 was attempting to pass 10. 10 took to left of second apex at turn 13 and car 777 followed car 10 through cutting turn 13 also passing car 11, but did not cede the position gained over car 11.

On interview with driver of car 777 stated that he took safe option to avoid collision with 11, and cut turn 13.

This position was not returned prior to race stoppage, and so was baked into the restart grid positions.

Evidence taken from onboard footage of car 777 and live stream.
